WELCOME BACK!

The Allendale Foundation for Educational Excellence ("AFEE") is the fundraising organization dedicated to raising money to support educational experiences at Hillside and Brookside schools.

In May 2023, we proudly presented a \$228,000 check to our Board of Education. These funds will support a number of initiatives, large and small, at our schools this year.

We are grateful for the gracious and continual support of our community and are looking forward to engaging with you this year!
